

How FUSD Students Access Learning Apps in Clever (Freckle, myON, Typing Agent etc.)

1. Click on the Clever icon on your screen OR go to our FUSD Clever portal www.clever.com/in/fusd (clever.com alone will **not** work). Students can also use the Clever logon button on the FUSD site to reach our FUSD Clever portal.
2. Click "Log in with email address" and login using the FUSD Microsoft email address and password provided by the district. This is the same email and password students use to login to Teams.

**If a student does NOT have access to their FUSD email address and password, please contact his/her school directly.*

3. Once logged in, locate and click the desired app button. For many students, some app buttons are at the very bottom of their screen. They may need to scroll down to find the app they are looking for.
